### HOW TO ARRANGE “BIBLIOGRAPHIC INFORMATION” IN THE SOURCES SECTION

- Note: **If you have a question about how to present the bibliographic information for a type of source not shown here, contact your Writing Instructor**
- Note: **Bibliographic information within the full justified format will often appear with odd spacing; this is not a problem and no points will be deducted for this odd spacing of bibliographic information within your Sources section**
- Note: **Do NOT put a space between sources in your SOURCES section or in your ADDITIONAL SOURCES section**
